

■ Talking Points for Homeowners & Local Advocates

Supporting HJR 67 — The Save Our Homes Cap Reduction Amendment

Prepared by Guardians of Liberty | www.GuardLiberty.org | #CutTheCreep

■ What HJR 67 Does

- Cuts the “Save Our Homes” cap from 3% to 1.5%, limiting annual increases in the taxable value of homesteaded properties so taxes can’t outpace income.
- Protects Florida families, seniors, and veterans from being taxed out of their homes.
- Locks in predictable growth for more stable, affordable homeownership.
- Empowers voters by placing these protections directly in the Florida Constitution.

■ Why It Matters

- “Tax creep” is quietly driving property taxes higher each year even without millage rate hikes.
- HJR 67 puts a stop to it — cutting the cap in half to protect homeowners statewide.
- It’s fair, future-focused, and encourages fiscal responsibility while keeping families secure.

■ Key Messages for Homeowners

- “This is about keeping our homes affordable, not freezing local services.”
- “We’re not asking for special treatment — just predictable, responsible taxation.”
- “Government shouldn’t automatically get a raise every time your home value goes up.”
- “HJR 67 keeps more money where it belongs — with Florida families.”

■ How You Can Help

1. Sign the Petition at www.GuardLiberty.org/HJR67.
2. Share your story — personal experiences make the difference.
3. Contact your Representative & Senator to support HJR 67.
4. Host a “Property Tax Relief Weekend” in your community.
5. Use #CutTheCreep on social media to spread awareness.

■ Core Takeaway

HJR 67 isn't about politics — it's about people. It protects homeowners from runaway assessments, restores voter control, and ensures prosperity starts at home.

Guardians of Liberty

■ Cut the Tax Creep. Protect Florida Families. Pass HJR 67.
